ACADEMIC REGULATIONS AND REQUIREMENTS

The following portion is your guide to the academic regulations and requirements of Western State College of Law at Westcliff University ("the College of Law"). It includes the policies, rules and program requirements that you must satisfy to be eligible for the degree of Juris Doctor. The administration and faculty welcome the opportunity to work with you toward the completion of your legal education. Ultimately, however, you are responsible for meeting the College of Law's standards of scholarship and professional conduct as well as all graduation requirements.

The College of Law is obligated to certify the moral character and fitness of its students. The College of Law, therefore, expects that students will conduct themselves with honesty and integrity. A student must uphold the standards of moral conduct expected of members of institutions of higher learning and of the legal profession. Furthermore, the failure to conduct yourself in accordance with the school's standards of decorum, professionalism and civility may result in disciplinary action. The College of Law operates under an Honor Code, which is described in Section IX of this catalog.

Please review this handbook. If you have questions, contact the Student Services Office. In addition, review carefully the requirements of your program of study and establish a plan to satisfy those requirements. You should always feel at liberty to discuss any questions about the courses and programs with the Associate Dean for Academic Affairs, the Senior Assistant Dean of Student Affairs, the Registrar, a faculty mentor, or any other member of the faculty.

We wish you the best as you pursue your legal education.

I. PRINCIPLES OF COMMUNITY AND MISSION STATEMENT

Like the society we serve, our community includes persons from a variety of social circumstances, and our mission commits us to the pursuit of diversity. We are individuals, each different from the other, gathered for a common purpose. Together we create an environment for the study of law and for training in lawyering skills. We strive to offer each person among us the opportunity to develop her or his powers to the fullest. Barriers to the development of any hold us all back.

Mutual understanding, reciprocal support, and tolerance are the enabling conditions for the full and equal participation of all. But bias and mistrust undermine these conditions, and misunderstanding among us has deep historical roots. To achieve an environment permeated by a sense of justice and inclusion we must actively encourage each person's contribution. Furthermore, because we prepare students for participation in a self-governing profession, we strive to rid the practice of law of prejudice.

Freedom of expression is essential not only to mutual understanding, but also to our common pursuit of learning and self-development. Within the limits imposed by time and place and respect for one another, we recognize the right of anyone to express any idea and to disagree with another's point of view.

We reject acts of discrimination and intimidation. The personal security of members of our community is inviolable. Freedom from insults, threats, assaults, or violence is a precondition of our association with one another. We will not tolerate such behaviors and especially resolve to confront acts of incivility that discriminate or degrade.

We cherish the diversity of our community and resolve to celebrate our differences for they are our most precious resource. Because we choose to be here to comprise the Western State College of Law community, we accept these values as a condition of our working and learning at the College of Law.

The mission of Western State College of Law at Westcliff University is to provide the highest quality legal education, based on an innovative program of studies designed to develop the tools of careful legal analysis and to foster a broad understanding of the law, law practice, and legal theory. The College of Law emphasizes the study and practice of lawyering skills required for the ethical, skillful, and professional practice of law and is particularly committed to meeting the education needs of those who seek to practice in small to medium law offices, corporate law departments and governmental and other public service settings. To further its mission, the College of Law will pursue student and faculty diversity, both to enhance the educational program of the school and to address important needs of the legal profession and of society as a whole.

II. DISCLAIMER STATEMENTS

The material contained in this catalog is provided for information only and does not constitute a contract between the student and the College of Law.

The College of Law reserves the right to revise policies, amend rules, and alter or add regulations and requirements at any time in accordance with the best interest of the institution. Students will be notified of any changes by postings on the Official Bulletin Boards and through catalog addenda.

Unless otherwise specified, policies, procedures, academic standards, and academic requirements for students enrolled in the part-time division are the same as those for students enrolled in the full-time division.

The College of Law reserves the right to refuse admission to any applicant.

The College of Law reserves the right to disqualify, discontinue or exclude any student for non-academic reasons either by means of the appropriate campus-disciplinary committee or by action of the Dean. The Dean retains jurisdiction, which may be concurrent with other committees, over all matters in which the student must be certified to the Committee of Bar Examiners of the State Bar of California or to the governing body of the bar examiners of any other jurisdiction. Those matters include, but are not limited to, violations of trust, certain delinquencies in financial obligations, or any other matter pertaining to an applicant's reputation for honesty, trustworthiness, character, integrity and citizenship.

The College of Law reserves the right to disqualify or discontinue for academic reasons, any student who does not maintain the established cumulative grade point average and foundation law point requirements or who does not remain in good academic standing, and is unable to achieve that status following an appeal, under published reasons for appeal, to the Academic Standards Committee. The Academic Standards Committee is considered the "court of last resort" for a student in academic matters.

This catalog supersedes all previous catalogs, and the policies expressed in this catalog will be controlling, regardless of any policies stated in any previous catalog received by the student upon his or her admission.

Notice Concerning Transferability of Credits and Credentials Earned at Our Institution

The transferability of credits you earn at Western State College of Law is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in Juris Doctor is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Western State College of Law to determine if your credits or degree will transfer.

- a. A student who is not in good academic standing may take a leave of absence from the College of Law only with the written permission of the Associate Dean for Academic Affairs.
- b. A student who wishes to resume his or her studies must petition the Associate Dean for Academic Affairs for permission to resume studies. This petition must be filed with the Associate Dean for Academic Affairs at least thirty (30) days before the beginning of the semester in which the student wishes to resume his or her studies. The student must state the reasons why he or she is prepared to resume his or her program of study. The Associate Dean for Academic Affairs shall permit the student to resume studies only if the student demonstrates that he or she is likely to succeed in his or her program of study. If the student is permitted to resume studies, he or she must comply with all requirements for continuing his or her studies on probation and must notify the Director of the S.T.E.L.L.A.R./ Academic Probation Program of his or her resumption of studies within three (3) days of the beginning of classes.

3. Authority of the Associate Dean for Academic Affairs

The Associate Dean for Academic Affairs may permit a leave of absence of up to one year.

6. Leave of Absence of More Than One Year

A student, who wishes to extend his or her leave of absence for more than one year, must reapply for admission to the College of Law through the regular admission procedure then in effect (See Section VI.H.). This policy does not

guarantee readmission to the College of Law.

Q. Withdrawal from the College of Law

A student will be placed on academic probation under the following circumstances:

- a. During the student's second semester of law study if the student earned a first semester average of 1.7 or above but below 2.0.
- b. During the student's fourth semester or beyond if the student has a cumulative grade point average below 2.0 at the end of the immediately preceding fall or spring semester.
- c. When the Academic Standards Committee grants a petition of a student who has been academically dismissed (see VI.D. and VI.G, below), during the fall or spring semester immediately following the semester in which the student's academic performance caused the dismissal, or as otherwise set forth in the letter granting the petition.

2. Requirements for Continuing Studies on Probation

- a. A student placed on probation must comply with the following obligations to be allowed to continue his or her studies:
 - i. Meet with the director of the Strategies to Enhance Legal Learning and Achieve Results (S.T.E.L.L.A.R.) / Academic Probation Program or his or her designee for academic counseling. The director or designee will inform the student of the requirements of the S.T.E.L.L.A.R./ Academic Probation Program.
 - ii. Comply with all requirements of his or her academic probation program as directed by the Program Director or designee.

The student is required to notify the Director of the S.T.E.L.L.A.R./ Academic Probation Program of his or her return within three (3) days of the beginning of classes in the semester that the student returns. A student, who fails to notify the Director of his or her return, will be academically dismissed from the College of Law.

4. Change of Status

Any student who is placed on academic probation may elect to change from full-time to part-time status of ten units or fewer. Any student making such a change shall have two semesters of part-time status to fulfill the terms of his or her probation.

C. Foundation Law Points (FLP) Program Probation

1. FLP Probation

A student will be placed on Foundation Law Points program (FLP) probation under the circumstances described in Section III.D. of this catalog.

2. Requirements for Continuing Studies on Probation

a. A student placed on FLP probation must comply with the following obligations to be allowed to continue his or her studies:

- i. Meet with the Director of the S.T.E.L.L.A.R./ Academic Probation Program or his or her designee for academic counseling. The director or designee will inform the student of the requirements of the S.T.E.L.L.A.R./ FLP probation program.
- ii. Comply with all requirements of his or her FLP Probation Program as directed by the Program Director or designee.

b. A student who is placed on FLP probation who fails to satisfy any of the foregoing obligations may be administratively dismissed from the College of Law and such failure can be considered by the Academic Standards Committee if the student petitions under the provisions of Section III.D.4.

c. By the end of the FLP probation semester, the student must have earned the Foundation Law Points required under Section III.D. as applicable or be dismissed from the College of Law.

3. Leave of Absence

If a student takes a leave of absence while on FLP probation, he or she shall be placed on FLP probation upon enrolling in a subsequent semester. The student is required to notify the Director of the S.T.E.L.L.A.R./ Academic Probation Program of his or her return within three (3) days of the beginning of classes in the semester that the student returns. A student who fails to notify the Program Director of his or her return will be academically dismissed from the College of Law.

4. Change of Status

Any student who is placed on Foundation Law Point Probation may elect to change from full-time to part-time status of ten units or fewer. Any student making such a change shall have two semesters of part-time status to fulfill the terms of his or her probation.

D. Academic Dismissal

1. Dismissal at End of First Year/First Semester

2. Dismissal at End of First Year/Second Semester

A student who fails to achieve a grade point average of 2.0 at the end of his or her second semester of law studies shall be dismissed from the College of Law. A student may petition the Academic Standards Committee for permission to continue studies on probation (See Section VI.G.).

3. Effect of Summer Session

Summer session is not a semester for the timing of dismissal under this rule.

4. Dismissal at End of Probation Semester

A student who fails to satisfy the requirements of probation as described in Section VI. B., as applicable, will be dismissed from the College of Law at the end of the probationary semester. A student may petition the Academic

Standards Committee for permission to continue studies on probation (See Section VI.G.).

5. Dismissal for Failure to Maintain 2.0 GPA after Academic Probation

A student who has been placed on academic probation must maintain a cumulative grade point average of at least 2.0 for the remainder of his or her law studies or he or she will be academically dismissed from the College of Law. A student may petition the Academic Standards Committee for permission to continue studies on probation after failing to maintain a 2.0 GPA, even though he or she has been on probation in a prior semester (See Section VI.G.).

E. Foundation Law Points Program Dismissal

See Section III. D.4. for provisions relating to dismissal for failure to meet the requirements of the Foundation Law Points program.

F. Effect of Summer Session Grades

1. Effect on Academic Standing

For purposes of calculating academic retention, probation and dismissal, the summer session is not treated as a consecutive semester. Therefore summer session grades do not result in academic probation or dismissal. A cumulative grade point average above 2.0 achieved upon the completion of a summer session does not remove a student from academic probation. Course grades from the summer session will be included in a student's cumulative grade point average and will be calculated as part of the student's grade point average in the fall or spring semester that the student next attends. Summer session grades will not prevent academic dismissal that took effect the preceding spring semester.

2. Effect on Foundation Law Points Program

Foundation Law Points earned during a summer session will be treated as having been earned in the semester that the student next attends. Summer sessions shall not count as a semester for calculating Foundation Law Points under Section III.D.

G. Petition for Permission to Continue Studies on Probation

1. Petition Process

A student who has received notice that he or she is academically dismissed from the College of Law pursuant to Section VI.D. may petition the Academic Standards Committee for permission to continue his or her studies on probation. The student shall submit his or her petition in a timely manner according to the instructions received from the Registrar. Any dismissed student submitting a petition to the Academic Standards Committee must be enrolled in and attending the S.T.E.L.L.A.R. program from the beginning of the semester in which the petition is submitted.

2. One Petition Only

A student may petition the Academic Standards Committee for permission to continue studies on probation once for academic dismissal and once for foundation law point dismissal during his or her matriculation at the College of Law.

3. Authority of the Academic Standards Committee

- a. The Academic Standards Committee may grant a petition if the student establishes all of the following:
 - i. Extraordinary circumstances contributed to his or her inability to meet the academic requirements of the College of Law;
 - ii. The student's failure to meet the standards for continuing his or her studies does not indicate a lack of capacity to complete the program of study; and
 - iii. The circumstances resulting in the student's academic dismissal have been remedied or no longer exist.
- b. The Academic Standards Committee may, in addition to allowing a student to continue his or her studies on probation, impose such conditions that the committee believes necessary to facilitate continued academic success of the student. This authority shall include making such adjustments to the student's prior academic record as the committee deems warranted by the circumstances to ensure the student's future academic success.
- c. The Academic Standards Committee has the authority to permit a first-semester or first year student to start

- over if the Academic Standards Committee believes that it is necessary to provide the student with a reasonable opportunity to succeed. In some circumstances, the Academic Standards Committee may, as part of its decision to permit a student to start over, require the student to retake courses upon such terms and conditions the Academic Standards Committee in its sole discretion deems appropriate. Where a student retakes a course as a result of the Academic Standards Committee's decision, the first grade for the course will remain on the student's transcript, but will not be used to calculate that student's cumulative GPA.
- d. The Academic Standards Committee has the authority to retain jurisdiction over a student whose petition for readmission is granted. If a student fails to meet the terms set out by the Academic Standards Committee, but makes significant progress toward completion of those terms, the Academic Standards Committee in its sole and absolute authority may grant the student one additional semester to comply with the terms set out by the Academic Standards Committee.
 - e. All decisions of the Academic Standards Committee on petitions to continue studies on probation are final and are not appealable to any other office of the College of Law.

H. Application for Readmission

1. Application Process

A student who has been academically dismissed from the College of Law and who failed to petition the Academic Standards Committee, or whose petition under Section VI.G. was denied, may apply to the Admissions Committee for readmission to the College of Law. The student will be subject to the admission policies in effect at the time of his or her application.

2. Required showing of ability to complete program of study

The student must affirmatively demonstrate that he or she possesses the requisite ability to complete the Juris Doctor degree program of study successfully. Such a showing will ordinarily be made only when one (1) or more years have elapsed since dismissal and the student demonstrates through work, other activity or studies during the interim that he or she possesses the requisite ability.

3. Academic Status After Readmission

- a. If a student is readmitted, his or her transcript shall include all units and grades earned at the College of Law before and after readmission. Grades earned before dismissal will not be used to calculate that student's cumulative grade point average.
- b. If the Admission Committee admits the student under the condition that the student restart his or her legal studies, no credit will be assigned to courses taken prior to dismissal. The student will be subject to all the academic requirements that apply to new students.
- c. If the Admission Committee admits the student with advanced standing, the student will be granted credit for all required or elective courses completed prior to dismissal in which the student earned a grade of 2.0 or above. The grades in these courses will be treated as "pass" for purposes of calculating the grade point average.
- d. Students admitted with advanced standing will be subject to the same requirements as transfer students, based on the number of units of credit for which they are eligible (See III.D.3.d, above for Foundation Law Points requirements for Transfer Students).

4. Application for Readmission Based on Medical Information

- a. A student who bases his or her application for readmission on medical information must waive physician/patient confidentiality.
- b. The student must also submit a letter, or other report, from his or her physician explaining the nature of the student's medical problem, the opinion of the physician regarding the causal relationship between the medical problem and the student's academic performance and the likely effect of the student's medical problem on his or her future academic performance.
- c. The student must request that the physician cooperate with Admissions officials in verifying and discussing matters included in the student's application for readmission.
- d. Members of the Admissions Committee and all other College of Law officials who may become privy to the

- information in the student's application for readmission based on medical information shall hold all medical information in the strictest confidence and shall not reveal it except in the course of their official duties.
- e. A student who experiences difficulty in complying with the provisions of this section should consult with the Director of Admissions for resolution of the problems.

VII. GRADING SYSTEM AND STUDENT HONORS

A. Faculty Grading Guidelines

1. Numerical Grades
A student's academic performance shall be measured using numerical grades, assigned on a four (4) point scale.
2. Failing Grade
Any grade below a 1.0 is considered a failing grade. The Registrar shall record the grade given in the course even if it is below 1.0. Any student who earns below a 1.0 in a required course must retake that required course.
3. Grading Scale
The following scale indicates a student's academic performance:
3.7 – 4.0 = Outstanding
3.3 – 3.6 = Excellent
2.7 – 3.2 = Good
2.0 – 2.6 = Satisfactory
1.0 – 1.9 = Poor
< 1.0 = Failing
4. Clerical Error in Grades
A grade can be corrected at any time to rectify a clerical error or other administrative error. (See Sections VII.I.4.e. & f.)

B. Other Grading Symbols

1. Non-numeric Grading Symbols
In addition to numerical grades, the following standard grading symbols may appear on a student's transcript. Temporary changes to grading symbols due to extraordinary circumstances are communicated to all students for the period for which they are effective.
A – Audit

AF – This symbol designates that a student failed to take or complete a final examination or failed to satisfy the attendance requirements for a course.

F – This symbol designates a failing grade in a pass/fail course.

I – This symbol designates a grade of incomplete and may be granted if a student has completed substantially all of the semester's course work but was unable to take the examination or complete all required work. (See Section VII. F. for more information on incomplete grades).

M – This symbol designates a make-up grade. The grade of M is recorded when exceptional circumstances prevent a student from taking a final examination when scheduled and a make-up examination was not administered or graded by the time all other grades were distributed. It is a temporary grade and must be removed by satisfaction of course requirements before completion of the program of study for the Juris Doctor degree.

P – This symbol designates a passing grade in a pass/fail course.

Q – This symbol designates a temporary grade used when a reportable grade has not been received by the Registrar's office at the time course grades were submitted. It is usually used when a student used an

incorrect examination number. It is a temporary grade and must be removed by satisfaction of course requirements before completion of the program of study for the Juris Doctor degree.

W – This symbol designates that a student withdrew from a course following the add/drop registration period and complied with all provisions allowing withdrawal from a course.

XF – This symbol designates a failing grade received due to a violation of academic dishonesty. (See Section IX.F.1.a.)

2. Transcript Notations

The following symbols may appear beside a student's grade:

A – This symbol designates the original grade in a repeated course. It indicates that the original grade has been averaged into the cumulative attempted units and grade point totals.

E – This symbol appears next to the original grade issued in a repeated course. It indicates that the effect of the initial attempt has been deleted from the cumulative credit and grade point totals.

I – This symbol appears next to a grade issued when a course is repeated. It indicates that both the original grade and the repeated grade are included in cumulative credit and grade point totals.

C. **Grade Reports**

Grades are reported to students by the Registrar on-line in the order they are received from the professor to the Registrar's office. No grade is reported to a student before the completion of the semester's examination period for all courses. A written grade report will be made available to a student upon written request.

D. **Calculation of Grade Point Average**

1. Semester Grade Point Average

A student's semester grade point average is calculated by dividing the total grade points earned that semester by the number of units attempted that semester. The total grade points earned in a semester is the product of the course units and the student's course grade totaled for all courses in which a numerical grade was earned that semester.

2. Example of Semester Grade Point Average

<u>Course</u>	<u>Units attempted</u>	<u>Units Earned</u>	<u>Course Grade</u>	<u>Grade Points</u>
LAW131 Torts I	3	3	3.0	9
LAW125 Legal Writing and Research I	3	3	2.0	6
LAW111 Contracts I	2	2	1.5	3

The semester GPA is 2.25 (18 grade points divided by 8 units attempted).

3. Cumulative Grade Point Average

A student's cumulative grade point average is calculated in the same manner as is the semester GPA, except that the total grade points and units attempted are totaled for all courses taken at the College of Law for which the student has received numerical grades.

E. **Honor Roll**

1. Distinguished Honor Roll

A student who achieves a grade point average of 3.5 or higher during a semester or summer session and who completes at least eight (8) graded units for the semester or at least four (4) graded units for a summer session earns

the College of Law Distinguished Honor Roll for that semester or summer session.

2. Honor Roll

A student who achieves a grade point average of 3.0 to 3.49 during a semester or summer session and who completes at least eight (8) graded units for the semester or at least four (4) graded units for a summer session is placed on the College of Law Honor Roll for that semester or summer session.

F. Courses Not Completed/ Grade of Incomplete (I)

1. Student's Petition

a. A student may petition the Associate Dean for Academic Affairs for permission to receive an incomplete grade in a course. This petition must be submitted to the Associate Dean for Academic Affairs no later than the end of the semester in which the course was taken.

b. A grade of I (incomplete) may be granted if a student has completed substantially all of the semester's course work but was unable to take the examination or complete all required work.

2. Review of the Petition

The Associate Dean for Academic Affairs shall grant the petition only if the student has demonstrated extraordinary circumstances to justify his or her failure to complete the course work in that semester.

3. Requirements if Petition Granted

A student who has received a grade of "I" for a course must finish all course work, including projects and all examinations in the time and manner that the Associate Dean for Academic Affairs requires.

4. Failure to Complete Required Work

A student who fails to complete the work required of him or her by the Associate Dean for Academic Affairs as a condition of receiving a grade of I shall receive a grade of AF.

5. Grading Anonymity

A student who receives grade of I cannot be guaranteed anonymity in the grading of work required as a condition of his or her petition.

G. Repeating Courses

1. Required Courses

A student, who has not been academically dismissed, who earns below a 1.0 in a required course must retake that required course.

A student may not repeat a non-required course, except for non-classroom courses. (See Section IV.A.9.)

3. Repeating a Foundation Law Point Program Course

See Section III.D. for the policy on repeating courses for Foundation Law Points.

H. Student Review of Examinations and Answers

1. Review of Examinations and Answers

A student may review an examination question, his or her answers to the examination question and the professor's feedback for each examination taken the immediately preceding semester. Subject to Section VII.H.2., the timing and procedure for such review are within each professor's discretion. A student is responsible for contacting his or her professor to determine the professor's preferred process for review.

2. Requests for Review

A student must initiate the examination review with his or her professor as follows:

- a. Fall semester review must be scheduled by the student within the first three weeks of the spring semester.
- b. Spring semester review must be scheduled by the student within the first three weeks of the fall semester.
- c. Summer session review must be scheduled by the student within the first three weeks of the fall semester.

3. Adjunct Professor Examination Review

A student who wishes to review the examination of a class taught by an adjunct professor must contact the faculty secretary to make an appointment to review his or her examination. Appointments for personal consultation with the adjunct professor may be made through the faculty secretary. If an adjunct professor is not available, the student should consult with the Associate Dean for Academic Affairs for alternative arrangements for examination review.

I. Challenging a Course Grade

1. Informal Review

Before submitting a petition challenging a grade, a student must first consult with the course professor to review the bases for the grade unless the professor is no longer available or the student intends to allege personal bias as the basis for challenging the grade.

2. Petition Process

- a. A student who wishes to challenge the grade received in a course may petition the Academic Standards Committee for review of the grade. The petition must be submitted to the Committee no later than four (4) weeks from the beginning of the next semester, summer sessions excluded. If a student cannot meet this time line, a separate petition for an extension of time to file the grade change petition must be filed as soon as possible after the time for filing expires. The petition for an extension of time will be granted by the committee only if the student explains what extraordinary circumstances prevented a timely filing of the grade change petition. Petitions for an extension of time must accompany the grade change petition.
- b. A student's petition must be detailed and state all facts necessary to establish the basis for changing a course grade.

3. Grounds for Changing a Grade

The exclusive grounds for changing a grade received in a course are:

- a. That the course grade was a result of personal bias by the professor toward the student.
- b. That there was substantial error in the grading of the examination that significantly affected the final course grade.
- c. That there was a clerical error in calculating the final course grade.

4. Review of Petition by the Academic Standards Committee

- a. The Academic Standards Committee shall review each petition challenging a course grade. The committee shall grant a petition only if it determines that the student has established at least one of the grounds for changing a grade.
- b. The committee shall not approve increases in the numerical course grade of less than six-tenths (0.6), except where clerical error is demonstrated.
- c. For an allegation of personal bias by the professor toward the student, the student must show at a minimum that a prejudicial relationship existed between the professor and the student, that there is good reason to believe the faculty member associated the student's identity with the work submitted, and that the grade given reflects bias. Student claims of personal bias are considered by the College of Law as serious charges of faculty misconduct. Such claims should not be made without factual support. The committee shall refer all such claims to the professor so charged for his or her response.

- d. For allegations of substantial error significantly affecting the final course grade, a student must show by clear and convincing evidence that the course grade did not reflect the quality of the work submitted by the student. The grade increase requested must be supported by a reasonable belief that the numerical course grade increase will not be less than six tenths (0.6). The student's petition alleging a substantial error in an examination answer must include a written analysis of the student's answer that explains the improperly graded portions of the student's answer and that details the justification of the requested grade increase.
- e. A petition alleging clerical error in the calculation of a course grade must include a specific explanation of the miscalculation of the grade based on the points or scores submitted by the professor.
- f. A professor need not submit a petition to the Academic Standards Committee for a change in a grade that he or she determines was caused by a clerical error.
- g. Decisions of the Academic Standards Committee on petitions challenging a grade are final. No request for reconsideration may be considered by the committee and decisions are not appealable to any other office of the College of Law.

J. Examinations

1. Examination Schedule

A tentative examination schedule will be published in each semester's registration materials or thereafter. A student may not knowingly register for courses with conflicting examinations. The final examination schedule is disseminated to students before the examination period. If a conflict arises in a student's examination schedule after the student has completed registration for the semester, the student must notify the Registrar to take a make-up examination pursuant to the provisions of Section VII.J.5. regarding deferred examinations.

A student using ExamSoft must download and register the software by the deadlines published by the ExamSoft Administrator.

5. Deferred Examination Procedure

- a. If a conflict in examination times, an illness or family emergency or other catastrophic events prevents a student from taking an examination at the scheduled time, the student must obtain conditional approval to take a deferred examination from the Associate Dean for Academic Affairs.
- b. The Associate Dean for Academic Affairs will grant final approval for a deferred examination only after the student submits satisfactory documentation of the medical conditions or extenuating circumstances that prevented the student from appearing at the scheduled examination.
- c. The student must provide documentation to the Associate Dean for Academic Affairs as soon as possible, generally before or within the examination period, if possible and no later than the student's arrival back at the College of Law. Failure to do so will result in the absence being treated as unexcused.
- d. If the Associate Dean for Academic Affairs excuses an absence, the Registrar shall administer a make-up examination within the examination period, if possible, or immediately upon the student's return to the College of Law. A student who fails to take a scheduled make-up will receive a grade of AF.
- e. Family events, work related travel or events, vacations, or other similar events are not considered extenuating circumstances and approval for a deferred examination will not be given.
- f. A student who anticipates being absent from an examination should not contact his or her professor regarding his or her absence. Contact must be made with the Associate Dean for Academic Affairs.

5. The Associate Dean for Academic Affairs may allow the student to waive further proceedings before the Honor Code Committee and resolve the complaint administratively only if the student, at the outset, fully admits the allegations in writing. If the student instead chooses to argue factors in mitigation, contest part of the allegations or seek to negotiate sanctions, the Associate Dean for Academic Affairs must refer the complaint to the Honor Code Committee for determination.
6. If the Associate Dean for Academic Affairs is unable to allow the accused student to waive further proceedings pursuant to Section IX.I.5., or elects not to offer the student an administrative resolution or the student elects not to waive further proceedings before the Honor Code Committee, the Associate Dean for Academic Affairs shall so inform the Chair of the Honor Code Committee in writing. committee members.

2. Within ten (10) days of receiving notification of an Honor Code Committee investigation, the accused student may submit a list of individuals whom the committee shall interview as part of the investigation, to the extent reasonably possible.
 3. At the conclusion of its investigation, the Honor Code Committee shall meet and prepare a fact-finding report summarizing the results of its investigation.
 4. Proceedings by the Honor Code Committee to resolve the complaint are informal and non-adversarial. The Honor Code Committee will provide the accused student with the written notice of the date of the interview at least three (3) days in advance.  5. Written statements and documentary and other relevant evidence, excluding interview notes taken by Honor Code Committee members of student witnesses during informal interviews, shall be made available to the accused student to allow the student to respond to them during the interview. The person so requested must have already been interviewed as part of the Honor Code Committee's investigation or his or her name must have been submitted to the accused student in accordance with Section IX.J.2.
 7. The Honor Code Committee may at its discretion summon or excuse from a summons any witness interviewed during its investigation or whose name was provided to the Honor Code Committee by the accused student pursuant to Section IX.J.2.
 8. The accused student may also be permitted to bring relevant witnesses to the interview, or be accompanied by parents or other advisors, in the discretion of the Honor Code Committee Chair. Neither the Honor Code Committee nor the student shall be represented by legal counsel. However, the student may have counsel present if criminal charges are pending, to observe but not to participate, if the criminal charges arose from the same facts or alleged violation(s).
 9. The investigation of an Honor Code violation is confidential. It requires a deliberative and candid atmosphere free from distraction. Accordingly, it is not open to the public or other "interested" persons, other than those who are permitted to be present during or as part of the accused student's interview in accordance with Section IX.J.6.
 10. The nature and length of the Honor Code Committee's investigation is necessarily controlled by the type of incident to be investigated and the character of the information to be examined. It thus lies with the Chair of the Committee to fashion the most meaningful approach and effective time line for completing the investigation. The Committee shall ordinarily have sixty (60) days to complete its investigation. However, the Committee may pursue its investigation for a longer period of time, if necessary, in the interests of justice. The Committee shall inform the accused student in writing of the need to exceed the sixty (60) day deadline.

2. The student may appeal to the Dean to have the sanctions overturned or for clemency.
3. Any appeal to the Dean must be received within 14 days of the Committee providing the student with its written decision.
4. The Dean shall notify the student of his or her decision on the appeal in writing.

M. Annual Report to the Faculty and Student Bar Association

1. At the beginning of the academic year, the Chair of the ASC shall report in writing to the SBA and the faculty all Code violations that were resolved by the Associate Dean for Academic Affairs and the Honor Code Committee.

XII. COMPUTER USE POLICY

A. Introduction

The College of Law supports electronic informational resources to further its academic mission. The College of Law is committed to intellectual and academic freedom and to the application of those freedoms to computer media and for all library materials. The College of Law is also committed to protecting the privacy and integrity of computer data and records belonging to the institution and individual users.

B. Scope of Policy

This acceptable use policy governs the use of computers and networks at the College of Law. This policy protects the consumers of computing resources, computing hardware and networks and system administrators.

C. Rights and Responsibilities

Computers and networks can provide access to resources on and off campus, as well as the ability to communicate with other users worldwide. Such open access is a privilege and requires that individual users act responsibly. Users must respect the rights of other users, respect the integrity of the systems and related physical resources, and observe all relevant law, regulations, and contractual obligations. Since electronic information is easily reproduced, users must exercise care in acknowledging and respecting the work of others through strict adherence to software licensing agreements and copyright laws.

D. Existing Legal Context

1. Application of Existing Law

All existing laws (federal and state) and College of Law regulations and policies apply to the use of computer resources owned and operated by the College of Law. Other organizations operating computing and network facilities that are reachable via the College of Law network may have their own policies governing the use of those facilities. When accessing remote resources from the College of Law computer facilities, users are responsible for obeying both the policies set forth in this document as well as the policies of the other organizations.

2. Use of Computer Resources is a Privilege

Users do not own accounts on College of Law computers, but are granted the privilege of use. Under the Electronic Communications Privacy Act of 1986 (Title 18 U.S.C. section 2510 et. seq.) users are entitled to privacy regarding information contained on these accounts. This act, however, allows system administrators and other College of Law employees to access user files in the normal course of their employment when necessary to protect the integrity of computer systems or the rights or property of the College of Law. System administrators may examine or make copies of files that are suspected of misuse or that have become corrupted or damaged. User files may be subject to search by law enforcement agencies under court order if such files contain information which may be used as evidence in a court of law. In addition, student files on College of Law computer facilities are considered "educational records" under the Family Educational Rights and Privacy Act of 1974 (Title 20 U.S.C. section 1232(g)).

3. Sanctions for Misuse

Misuse of computing, networking or information resources may result in the loss of computing and/or network access. Additionally, misuse can be prosecuted under applicable statutes. Users may be held accountable for their conduct under any applicable College of Law policy. Illegal reproduction of software or other intellectual property protected by U.S. copyright law is subject to civil damages and criminal punishment including fines and imprisonment.

E. Enforcement

1. Minor Infractions

Minor infractions of this policy, when accidental, such as consuming excess resources or overloading computer systems, are generally resolved informally by the College of Law staff administering the system. Such resolution is usually accomplished through email or in-person discussions with the affected individual.

2. Serious Infractions

Repeated minor infractions, or misconduct that is more serious, may result in temporary or permanent loss of computer access privileges or the modification of those privileges. More serious infractions include, but are not limited to, unauthorized use of computer resources, attempts to steal passwords or data, unauthorized use or copying of licensed software, repeated harassment or threatening behavior. In addition, student misconduct may be referred for disciplinary action. Such disciplinary action may include administrative review or referral to the Honor Code Committee of the College of Law.

3. Criminal Infractions

Any offense that violates any local, state or federal law may result in the immediate loss of all College of Law computing privileges and referral to appropriate College of Law officials and/or law enforcement authorities.

Such conduct is unprofessional, unproductive, illegal, and generally considered bad for business. Consequently, all conduct of this nature is expressly prohibited, regardless of whether it violates any law. (Please note that sexual harassment is more thoroughly addressed in the Sexual Misconduct & Relationship Violence policy.)

XV. Student Grievance Procedure for Internal Complaints of Discrimination and Harassment

Students who believe they have been subjected to discrimination or harassment (other than sexual harassment) in violation of the Non-Discrimination Policy should follow the procedure outlined below. (Please note that students who believe they have been subjected to sexual harassment should follow the reporting process in the Sexual Misconduct and Relationship Violence Policy below.) This complaint procedure is intended to provide a fair, prompt and reliable determination about whether the Western State College of Law Non-Discrimination Policy has been violated.

1. Complainants are encouraged to file a complaint as soon as possible after an alleged incident of discrimination has occurred. Any student who chooses to file a discrimination complaint should do so with the Senior Assistant Dean of Student Affairs, Western State College of Law, 16715 Von Karman Ave, Suite 100, Irvine, CA 92606, (714) 459-1117. The student who made the complaint shall be informed if there were findings made that the policy was or was not violated and of actions taken to resolve the complaint, if any, that are directly related to him/her, such as an order that the accused not contact the student who made the complaint. In accordance with institutional policies protecting individuals' privacy, the student who made the complaint may generally be notified that the matter has been referred for disciplinary action, but shall not be informed of the details of the recommended disciplinary action without the consent of the accused.
4. The decision of the Investigator may be appealed by petitioning the Dean of Western State College of Law. The written appeal must be made within 20 calendar days of receipt of the determination letter. Sexual Misconduct & Relationship Violence Policy; Procedures for Handling Sexual Misconduct and Relationship Violence Complaints

Western State College of Law values civility, dignity, diversity, education, honesty, and safety and is firmly committed to maintaining a campus environment free from all forms of sex discrimination, sexual harassment, and sexual assault. Sexual Misconduct and Relationship Violence, defined more specifically below, are inconsistent with these values, violate institutional policy, and will not be tolerated at Western State College of Law and are expressly prohibited. Similarly, retaliation for having brought forward a concern or

allegation or for participating in an investigation of a report of Sexual Misconduct or Relationship Violence is also expressly prohibited and is grounds for disciplinary action.

This Policy provides information regarding how an individual – whether a student, faculty member, or staff member – can make a report of Sexual Misconduct or Relationship Violence impacting a student and how Western State College of Law will proceed once it is made aware of any such report.

For faculty and staff members who believe they are the victim of sexual misconduct, please follow our No Harassment policy in the Employee Handbook.

I. Preliminary Issues & Important Definitions

This Policy prohibits “Sexual Misconduct” and “Relationship Violence,” broad categories encompassing the conduct defined below. Sexual Misconduct and Relationship Violence can be committed by anyone, including third parties, and can occur between people of the same sex or different sexes and regardless of one’s biological sex or transgendered sex. This policy applies to Sexual Misconduct and Relationship Violence that is committed against a student when that Sexual Misconduct or Relationship Violence occurs: (i) on campus; (ii) off-campus if in connection with a School-sponsored program or activity or in student housing; or (iii) off-campus if allegedly perpetrated by a fellow student, faculty member, staff member, or third party when the victim/reporting student reasonably believes that the off-campus conduct has created a hostile educational environment.

A. What is “Sexual Misconduct”?

Sexual Misconduct includes:

- Sexual Assault: Having or attempting to have sexual intercourse, cunnilingus, or fellatio without Consent (as defined below). Sexual intercourse is defined as anal or vaginal penetration by a penis, tongue, finger, or inanimate object.
- Non-Consensual Sexual Contact: Any intentional sexual touching with any body part or object by any person upon any person without Consent.
- Sexual Exploitation: An act attempted or committed through the abuse or exploitation of another person’s sexuality. Examples include, but are not limited to, prostituting another student; inducing a student into sexual intercourse, sexual contact, or other sexual activity by implicit or explicit threat of exposure of personal information or academic consequences; non-consensual video or audio-taping of sexual activity; allowing others to observe a personal consensual sexual act without the knowledge or Consent of all involved parties; and knowingly transmitting or exposing another person to a sexually transmitted infection without the person’s knowledge.
- Indecent Exposure: the exposure of the private or intimate parts of the body in a lewd manner in public or in private premises when the accused may be readily observed.
- Sexual Harassment: unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when it meets any of the following: (a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s academic status; or (b) Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting such individual; or (c) Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus.

B. What is “Relationship Violence”?

Relationship Violence includes:

- Domestic Violence: Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a current or former spouse or intimate partner or any other person from whom the student is protected under federal or applicable state law.
- Dating Violence: Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The existence of such a relationship is generally determined based on a consideration of the length and type of relationship and the frequency of interaction.

- Stalking: A course of conduct directed at a specific person that would cause a reasonable person to fear for their own safety or the safety of others or suffer substantial emotional distress. A course of conduct means two or more acts in which a person directly, indirectly or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person or interferes with a person's property.

The following also constitute violations of this Policy:

- Complicity: Assisting, facilitating, or encouraging the commission of a violation of this Policy.
- Retaliation: Acts or attempted acts for the purpose of interfering with any report, investigation, or proceeding under this Policy, or as retribution or revenge against anyone who has reported Sexual Misconduct or Relationship Violence or who has participated (or is expected to participate) in any manner in an investigation, or proceeding under this Policy. Prohibited retaliatory acts include, but are not limited to, intimidation, threats, coercion, or discrimination. To be clear, retaliation against a Complainant for reporting an incident or against any witness who participates in an investigation is strictly prohibited.

C. Who are “Complainants” and “Respondents”?

Western State College of Law is not a court of law. We also do not engage in victim-blaming or rushes to judgment. Therefore, without judgment, we refer to anyone who reports that s/he has experienced Sexual Misconduct as a “Complainant” and to anyone who reportedly has engaged in Sexual Misconduct as a “Respondent.”

D. Defining Consent

In many cases of Sexual Misconduct, the central issue is consent or the ability to give consent. Consent is a voluntary agreement to engage in sexual activity. Consent to engage in sexual activity must exist from beginning to end of each instance of sexual activity. Past Consent does not imply future Consent, and Consent to engage in one form of sexual activity does not imply Consent to engage in a different form of sexual activity. Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage in a specific sexual activity. Consent must be knowing and voluntary. To give Consent, a person must be awake, of legal age, and have the capacity to reasonably understand the nature of her/his actions. Individuals who are physically or mentally incapacitated cannot give Consent.

Silence, without actions evidencing permission, does not demonstrate Consent. Where force, threats, or coercion is alleged, the absence of resistance does not demonstrate Consent. Force, threats, or coercion invalidates Consent. The responsibility of obtaining Consent rests with the person initiating sexual activity. Use of alcohol or drugs does not diminish one's responsibility to obtain Consent or negate one's intent.

Consent to engage in sexual activity may be withdrawn by either person at any time. Once withdrawal of Consent has been clearly expressed, the sexual activity must cease.

Incapacitation is the inability, temporarily or permanently, to give Consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, due to an intellectual or other disability that prevents the student from having the capacity to give Consent, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring. In addition, an individual is incapacitated if he or she demonstrates that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. Some indicators that an individual is incapacitated may include, but are not limited to, vomiting, unresponsiveness, inability to communicate coherently, inability to dress/undress without assistance, inability to walk without assistance, slurred speech, loss of coordination, lack of awareness of circumstances or surroundings, or inability to perform other physical or cognitive tasks without assistance.

E. Title IX Coordinator & Deputy Coordinators

The Title IX Coordinator for Western State College of Law is: Donna Espinoza, Senior Assistant Dean of Student Affairs. The Title IX Coordinator is responsible for, among other things, coordinating the campus's efforts to comply with and carry out the campus's responsibilities under Title IX of the Education Amendments of 1972, including compliance with this policy. The Title IX Coordinator will help to coordinate any investigations under this Policy.

In addition, the School has other individuals who serve as Deputy Title IX Coordinators to help oversee investigations and determination proceedings under this Policy.

II. Reporting & Confidentiality

We encourage victims of Sexual Misconduct & Relationship Violence to talk to somebody about what happened – so they can get the support they need, and so the School can respond appropriately.

Different employees on campus have different abilities to maintain confidentiality:

- **CONFIDENTIAL REPORTING:** Some individuals are required to maintain near complete confidentiality. These include professional counselors such as those provided by Talk One2One counselling services. These individuals can provide resources and generally talk to a victim without revealing any personally identifying information about an incident to the School. A victim can seek assistance and support from these individuals without triggering a School investigation.
- **NON-CONFIDENTIAL REPORTING.** Other than professional counsellors defined above, most other employees and contractors are required to report all the details of an incident to the Title IX coordinator. A report to these employees (called “responsible employees”) constitutes a report to the School and generally obligates the School to investigate the incident and take appropriate steps to address the situation. The following campus employees (or categories of employees) are examples of responsible employees: the Title IX Coordinator, all Deputy Title IX Coordinators, President, Director of Student Services, other Student Services staff, Academic Advisors, the Security Team (including contract security personnel), all full-time and adjunct Faculty, Human Resources, and Employee Relations.

The School will seek to protect the privacy and confidentiality of the individuals involved in any report of alleged Sexual Misconduct or Relationship Violence to the extent possible and allowed by law. The Title IX Coordinator will evaluate any request for confidentiality in the context of the School’s responsibility to provide a safe and nondiscriminatory environment to all members of its community.

The School will complete any publicly available record-keeping, including Clery Act reporting and disclosure, without the inclusion of identifying information about the alleged victim. It will also maintain as confidential any interim measures or remedies provided to the alleged victim to the extent that maintaining confidentiality will not impair its ability to provide the interim measures or remedies.

In addition to internal reporting, the School strongly encourages anyone who believes they have experienced a sexual assault (or any other crime) to make a report to local law enforcement. Collection and preservation of evidence relating to the reported sexual assault is essential for law enforcement investigations, so prompt reporting of the incident to law enforcement is especially critical. Designated staff will, upon request, assist an individual in making a report to law enforcement as necessary and appropriate.

Although we strongly encourage complainants to report to local law enforcement, such a report is not a prerequisite to the School’s review and investigation of any complaint covered by this Policy. The School will honor a Complainant’s request not to report the matter to local law enforcement UNLESS we have a reasonable basis to believe that the safety and security of the campus community is at risk. In this event, the School will endeavor to notify a Complainant or Reporter of the institution’s intent to report the matter to law enforcement in advance of any such report.

The School does not limit the time frame for reporting under this Policy, although a delay in reporting may impact the School’s ability to take certain actions.

Other Code of Conduct Violations: The School encourages students who have been the victim of Sexual Misconduct or Relationship Violence to come forward. Students should not be discouraged from reporting such incidents because they fear discipline for their own violations of the Student Code of Conduct, such as use of alcohol in School housing. Therefore, the School has discretion not to pursue other violations of the Student Code of Conduct that occurred in the context of the reported incident of Sexual Misconduct or Relationship Violence.

III. Response Procedure

Students are encouraged to report any incident of Sexual Misconduct or Relationship Violence to the Title IX Coordinator, Deputy Title IX Coordinator, the Director of Student Services, or the Dean. If a report is made verbally, the School will request a written statement by the student.

Upon receipt of a report, the School will generally proceed as described below.

A. Investigation Commencement

The School will provide a timely and thorough investigation. Barring exigent circumstances, cases of Sexual Misconduct and Relationship Violence will generally be resolved within a 60 day period once the incident has been reported. An extension of time may be necessary if witnesses are unavailable or uncooperative or due to other extenuating circumstances beyond the control of the investigator.

B. Initial Response

Once the School is put on notice of possible Sexual Misconduct and Relationship Violence, the Complainant will be offered appropriate confidential support, accommodations, and other resources and will be notified of applicable policies and procedures.

Accommodations include the ability to move to different housing, to change work schedules, to alter academic schedules, to withdraw from/retake a class without penalty, and to access academic support. The Respondent also will be offered appropriate resources and notified of applicable policies and procedures.

C. Interim Intervention

Pending a final determination, the Title IX Coordinator and/or Student Services staff will take appropriate interim measures. These measures may include, but are not limited to, the imposition of a no-contact order and/or employment, transportation, residence, and academic modifications. Student Services staff may limit a student or organization's access to certain School facilities or activities pending resolution of the matter. The School may impose an Interim Suspension on the Respondent pending the resolution of an alleged violation when the School determines, in its sole discretion, that it is necessary in order to protect the safety and well-being of members of the campus community.

D. Decision to Proceed to Investigation

If the Complainant is willing to participate in the review and investigation process, the School will proceed as described below in Section III (E).

If the Complainant requests a confidential investigation, the School will seek to protect the privacy and confidentiality of the Complainant to the extent possible and allowed by law. The Title IX Coordinator will evaluate any request for confidentiality in the context of the School's responsibility to provide a safe and nondiscriminatory environment to all members of its community.

If a confidential investigation is requested and agreed to, the School will investigate without revealing the name of the Complainant in any interview or email and will not ask questions that inadvertently or reasonably could reveal the identity of the Complainant.

If the Complainant asks that the report of sexual misconduct not be pursued, the School will consider the interests of the Complainant, the campus community, law enforcement, and/or other appropriate interests under the circumstances. The School, in consultation with the Title IX Coordinator, will make a final decision on whether and to what extent it will conduct an investigation, and notify the Complainant promptly.

E. Investigation Procedure

Investigators do not function as advocates for either Complainants or Respondents. Investigators can, however, identify advocacy and support resources for either Complainants or Respondents.

The Respondent will receive written notice of the report and the nature of the alleged misconduct. He/She will be advised in writing of the investigation process and opportunity to provide any relevant evidence.

The Investigation will generally be conducted by the Director of Student Services for the campus (or any other individual appointed by the Title IX Coordinator) if the Respondent is a student. If the Respondent is a faculty or staff member, Employee Relations will also participate in the investigation.

The investigator will separately interview both Complainant and Respondent. Both parties will be able to provide evidence and suggest other witnesses to be interviewed. The investigator will interview other relevant witnesses and review any other available relevant evidence. Both the Complainant and Respondent can have another individual present during their own respective interviews. If the Complainant or Respondent elects, they may have an attorney present during their own interview, but said attorney may not advocate during the interview.

F. Determinations

1. For cases where the Respondent is a student.

The investigator will present all evidence to the Title IX Coordinator (or his/her designated Deputy Title IX Coordinator). In all cases, the Title IX Coordinator or the designated Deputy Title IX Coordinator will be appropriately trained regarding handling and considering sexual misconduct and relationship violence cases.

The Title IX Coordinator will weigh the evidence presented and decide whether additional evidence is necessary for consideration.

Ultimately, the Title IX Coordinator will make a determination of whether a violation of the Sexual Misconduct & Relationship Violence Policy or any other policy has occurred.

The School reserves the right to convene a Determination Panel to review the evidence and make the determination in appropriate circumstances.

2. For cases where the Respondent is a Faculty or Staff Member.

The investigator will present all evidence to the Ethics Committee of EDMC. The Ethics Committee will be appropriately trained regarding handling and adjudicating sexual misconduct and relationship violence cases. The Ethics Committee will weigh the evidence presented and make a determination whether a violation of the Sexual Misconduct & Relationship Violence Policy or any other policy has occurred.

G. Standard of Proof

In all cases under the Sexual Misconduct policy, the Title IX Coordinator (or designee) or the Ethics Committee will determine if a violation of policy has occurred by the preponderance of evidence standard. Thus, they will determine whether it is more likely than not that a violation has occurred.

H. Potential Sanctions

If a violation of policy has been found, the Title IX Coordinator or the Ethics Committee will impose appropriate sanctions, including but not limited to coaching, training, probation, suspension, or expulsion in the case of students or coaching, training, written warning, demotion, or termination in the case of employees.

I. Outcome Notifications

Both the Complainant and Respondent will be notified in writing of the outcome of the investigation and of the sanctions imposed, if any.

J. Appeals

If the Complainant or Respondent is a student, he or she may appeal the outcome determination by written appeal to the Dean within 15 days of notification of the outcome. An appeal may be made based only on one or more of the following reasons:

1. New and significant evidence appeared that could not have been discovered by a properly diligent charged student or complainant before or during the original investigation and that could have changed the outcome.
2. The Finding is Arbitrary and Capricious: Reading all evidence in the favor of the non-appealing party, the finding was not supported by reasonable grounds or adequate consideration of the circumstances. In deciding appeals, the Campus President is allowed to make all logical inferences in benefit of the non-appealing party.
3. Disproportionate Sanctions: The sanctions were disproportionate to the findings.

The appeal shall consist of a written statement requesting review of the conduct decision or sanction and explaining in detail the basis for the appeal. The Dean, or designated representative, will notify the non-appealing party of the request for an appeal. Within five working days of receipt of the notice, the non-appealing party may submit a written statement to be included in the case file. The appeal may proceed without the non-appealing party's written statement if it is not submitted within the designated time limit. The Dean will endeavor to make a determination of the appeal within 15 business days of receipt. The Dean's decision is final.

XVI. Anti-Hazing Policy

Hazing involving Western State College of Law students or student groups is strictly prohibited. Hazing is defined as any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any club or organization operating under the sanction of an institution of higher education.

For purposes of this definition, any activity as described in this definition that the initiation or admission into or affiliation with a club or organization is directly or indirectly conditioned shall be presumed to be "forced" activity, the willingness of an individual to participate in such activity notwithstanding. This policy is applicable to all students and members of a student club or organization at the College of Law. Every student and member of a student club or organization is responsible for complying with this policy.

Individual and/or student clubs that force, require, and/or endorse violations will be held directly responsible through the College of Law's student conduct process and if appropriate, through local authorities, which may pursue criminal action. Students who wish to make a complaint under this policy should contact the Associate Dean for Academic Affairs. The negligence or consent of a student or any assumption of risk by the student is not a defense to an action brought pursuant to this policy. Student club activities or programs must not interfere with the rights and activities of others and should always reflect the best interests of the members of the organization it represents and the College of Law community as a whole. In all cases of alleged violations of this policy, faculty and staff advisors and the national/international headquarters, if applicable, or any organization will be notified.

XVII. Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program

The college also enforces state laws regarding underage drinking. This prohibition applies while on the property of the college or when participating in any institutional activity. For more information please refer to the Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program. <http://www.wsulaw.edu/assets/pdf/wsu-drug.pdf>

The site also includes internship and fellowship opportunities and an events calendar. Symplicity is available to all students for their lifetime.

C. Student Advising

In its most important role, the CRD offers individual counseling for all currently enrolled students. Each counseling session is student-driven and covers a range of topics such as internships and externships, summer legal positions, long-term career goals, and general job search support and advice. National Association for Law Placement guidelines relating to onboarding first year students (1L) are strictly adhered to.

D. Alumni Services

The CRD also assists our alumni during career transitions. Alumni have access to Symplicity to peruse job opportunities and other resources. E. Workshops

The CRD presents a series of workshop topics throughout each semester that accommodate schedules of both full-time and part-time students. These workshops help students understand the job search process and provide practical tips on topics such as resume development, cover letters, job search strategies, creating LinkedIn profiles, and more.

F. Events

A variety of events is planned each semester to encourage students to start thinking about job and career options early on in their law school tenure. These events include networking opportunities with alumni, speakers on various legal topics and practice areas, panel discussions, and opportunities to explore and practice professional etiquette. The CRD also promotes off-campus events such as local Bar Association section meetings, mixers, and MCLE events.

XXI. MISCELLANEOUS INFORMATION

A. Student Complaint Procedure

As an ABA-approved law school, the College of Law is subject to the ABA Standards for Approval of Law Schools. The ABA Standards may be found at http://www.americanbar.org/groups/legal_education/resources/standards.html. Any student at the College of Law who wishes to bring a formal complaint to the administration regarding a significant problem that directly implicates the school's program of legal education and its compliance with the ABA Standards shall take the following steps:

Submit the complaint in writing to the Dean, Associate Dean for Academic Affairs, or the Senior Assistant Dean of Student Affairs. The writing may be submitted directly, by U.S. mail, by fax, or by email.

The writing submitted should describe in detail the behavior, program, process, or other matter that is the subject of the complaint, and should explain how the matter implicates the law school's program of legal education and its compliance with a specific, identified ABA Standard(s).

The writing must provide the name, e-mail address, and a street address of the complaining student, for further communication about the complaint.

Within three weeks of receipt of the complaint, the Dean, Associate Dean for Academic Affairs, or the Senior Assistant Dean of Student Affairs shall inform the student in writing of any action taken or investigation begun regarding the information contained within the complaint, or the reasons why no action or investigation has been undertaken.

The College of Law will not in any way retaliate against a student who makes a complaint under this provision, nor permit any faculty member, administrator, employee, or student to do so. The prohibition on retaliation does not, however, protect a student from sanctions for violating the honor code by knowingly making false accusations.

A copy of the complaint and a summary of the process and resolution of the complaint shall be kept in the office of the Dean for a period of ten (10) years from the date of final resolution of the complaint.

B. Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act of 1974, as amended ("FERPA") sets out requirements designed to afford students certain rights with respect to their education records. In addition, it puts limits on what information the College of Law may disclose to third parties without receiving prior written consent from the student.

I. Procedure to Inspect Education Records

Students have the right under FERPA to inspect and review their education records. A student who wishes to inspect and review his/her records should submit a written request to the Registrar. The request should identify as precisely as possible the records the student wishes to inspect. If the requested records are subject to inspection and review by the student, arrangements for access will be made within a reasonable period of time but in no case more than 45 days after the request was made, and the student will be notified of the time and place where the records may be inspected. The school may require the presence of a school official during the inspection and review of a student's records.

Certain limitations exist on a student's right to inspect and review their own education records. Those limitations include, for example, the following: (i) financial information submitted by parents; (ii) confidential letters and recommendations placed in their files prior to January 1, 1975; (iii) confidential letters and recommendations placed in their files after January 1, 1975 to which the student has waived his or her right to inspect and review and that are related to the student's admission, application for employment or job placement, or receipt of honors. In addition, the term "education record" does not include certain types of records such as, by way of example, records of instructional, supervisory, administrative, and certain educational personnel that are in the sole possession of the maker thereof, and are not accessible or revealed to any other individual except a substitute.

When a record contains personally identifiable information about more than one student, the student may inspect and review only the information that relates to him/her personally.

II. Disclosure of Educational Records

The College of Law generally will not permit disclosure of personally identifiable information from the records of a student without prior written consent of the student. Personally identifiable information is disclosed (some items are mandatory, some discretionary) from the records of a student without that student's prior written consent to the following individuals or institutions or in the following circumstances:

1. To the College of Law officials who have been determined by the school to have legitimate educational interests in the records. A school official is
 - a) a person employed by the school or its corporate parent in an administrative, supervisory, academic or research, or support staff position. This includes, but is not limited to human resources and accounting staff for purposes of the tuition reimbursement plan; or
 - b) a person employed by or under contract to the school to perform specific tasks, such as an auditor, consultant, or attorney, a person on the Board of Trustees, or a student serving on an official committee or assisting another school official.

Any school official who needs information about a student in the course of performing instructional, supervisory, advisory, or administrative duties for the College of Law has a legitimate educational interest.

2. To certain officials of the United States Department of Education, the Comptroller General of the United States, the Attorney General of the United States, and state and local educational authorities in connection with state or federally supported educational programs.
3. In connection with the student's request for, or receipt of, financial aid necessary to determine the eligibility, amounts or conditions of financial aid, or to enforce the terms and conditions of the aid.
4. To organizations conducting certain studies for or on behalf of the school.
5. To accrediting commissions or state licensing or regulatory bodies to carry out their functions.
6. To parents of a dependent student, as defined in Section 152 of the Internal Revenue Code.
7. To comply with a judicial order or lawfully issued subpoena.
8. To appropriate parties in health or safety emergencies.
9. To officials of another school in which a student seeks or intends to enroll.
10. To an alleged victim of a crime of violence or a nonforcible sexual offense, the final results of the disciplinary proceedings conducted by the school against the alleged perpetrator of that crime or offense with respect to that crime or offense.
11. To persons in addition to the victim of a crime of violence or nonforcible sexual offense, the final results of the disciplinary proceedings described in paragraph 10 above but only if the school has determined that a student is the perpetrator of a crime of violence or non-forcible sexual offense, and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies. (The school, in such instances, may only disclose the name of the perpetrator -- not the name of any other student, including a victim or witness -- without the prior written consent of the other student(s)).
 - a) Both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense. Compliance with this paragraph does not constitute a violation of the Family Educational Rights and Privacy Act (20 U.S.C. 1232g). For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.
12. To a parent regarding the student's violation of any federal, state, or local law or of any rules or policy of the school governing the use or possession of alcohol or a controlled substance if the school determines that the student has committed a disciplinary violation with respect to that use or possession, and the student is under 21 at the time of the disclosure to the parent.
13. Directory information (see Section IV below).
14. Student Recruiting Information as requested by the U.S. Military. Student recruiting information includes ONLY: name, address, telephone listing, age or date of birth, class level, academic major, place of birth, degrees received and most recent educational institution attended. It does not include and the College of Law will not provide: social security numbers, race, ethnicity, nationality, GPA, grades, low performing student lists, religious affiliation, students with loans in default, veteran's status, students no longer enrolled. Students who opt out of the directory also opt out of student recruiting information.

III. Record of Requests for Disclosure

Except with respect to those requests made by the student themselves, those disclosures made with the written consent of the student, or to requests by or disclosures to the College of Law officials with legitimate educational interests and disclosures of directory information (or other exceptions described in the applicable regulations), the College of Law will maintain a record indicating the parties who have requested or obtained personally identifiable information from a student's education records and the legitimate interests those parties had in requesting or obtaining the information. This record may be inspected by the student.

IV. Directory Information

The College of Law designates the following information as directory information. (Directory information is personally identifiable information which may be disclosed without the student's consent):

1. Student's name
2. Address: Local, email and website
3. Telephone number (local)
4. Date and place of birth
5. Program of study

6. Participation in officially recognized activities
7. Dates of attendance
8. Degrees and certificates awarded
9. Most recent previously attended school
10. Photograph of the student, if available
11. Enrollment status (*i.e.*, enrolled, continuing, future enrolled student, reentry, leave of absence, etc.)
12. Student honors and awards received.
13. The height and weight of athletic team members

Notice of these categories and of the right of an individual in attendance at the College of Law to request that his/her directory information be kept confidential will be given to the student annually. Students may request nondisclosure of student directory information by specifying nondisclosure, in writing, to Student Services Office, Attention: Registrar, Western State College of Law at Westcliff University, 16715 Von Karman Ave, Suite 100, Irvine, CA 92606. Failure to request nondisclosure of directory information will result in routine disclosure of one or more of the above-designated categories of personally identifiable directory information.

V. Correction of Educational Records

Students have the right under FERPA to ask to have records corrected which they believe are inaccurate, misleading, or in violation of their privacy rights. The following are the procedures for the correction of records:

1. A student must ask the Registrar to amend a record. As part of the request, the student should identify the part of the record they want to have changed and specify why they believe it to be inaccurate, misleading, or in violation of his/her privacy rights.
2. The College of Law may either amend the record or decide not to amend the record. If it decides not to amend the record, it will notify the student of its decision and advise the student of the right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's privacy rights.
3. Upon request, the College of Law will arrange for a hearing and notify the student reasonably in advance of the date, place, and time of the hearing. The hearing will be conducted by an individual who does not have a direct interest in the outcome of the hearing. That individual may be an official of the College of Law. The student shall be afforded a forum for the opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by other people, including an attorney.
4. The College of Law will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence, and the reasons for the decision.
5. If, as a result of the hearing, the College of Law decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it will (a) amend the record accordingly; and (b) inform the student of the amendment in writing.
6. If, as a result of the hearing, the College of Law decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school.
7. If a statement is placed in the education records of a student under paragraph 6 above, the College of Law will:
 - a) maintain the statement with the contested part of the record for as long as the record is maintained; and
 - b) disclose the statement whenever it discloses the portion of the record to which the statement relates.

The College of Law administration sends registration materials, important notices and information to each student’s College of Law e-mail address. Student Services may also send certain announcements of general interest on behalf of students. Each student is responsible for reading his or her College of Law e-mail, as it is one of the primary means by which the College of Law communicates with students. If a student misplaces his or her College of Law e-mail address, the student should contact Student Services. Messages sent by the College of Law administration are considered an official notification.

XXII. Notice of Policies to Comply with the Higher Education Opportunity Act of 2008

The unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students and individuals to civil and criminal liabilities. Almost all of the music, movies, television shows, software, games and images found on the Internet are protected by federal copyright law. The owner of the copyright in these works has the right to control their distribution, modification, reproduction, public display and public performance. It is generally illegal therefore to use file sharing networks to download and share copyrighted works without the copyright owner's permission unless "fair use" or another exemption under copyright law applies.

Fair use under the federal Copyright Act allows the use without permission of copyrighted material for the purpose of criticism, comment, news reporting or teaching under certain limited circumstances. There is no blanket exception from liability for students or employees of educational institutions, however, and whether the use of copyrighted material without permission falls within "fair use" or one of the other exceptions in the Act depends on a very detailed, case-by-case analysis of various factors. Students should be aware that sharing music, videos, software and other copyrighted materials is very likely not to be considered a "fair use" and therefore may be a violation of the law.

A violation of the institution's policy for use of its information technology system can result in termination of network access for the student and/or other disciplinary action including removal of the student from the institution. Moreover, there are severe

civil and criminal penalties for copyright infringement under federal law. A copyright owner is entitled to recover actual damages and profits resulting from an infringement, but also may recover statutory damages ranging from \$750 to \$30,000 per work for a non-willful infringement and up to \$150,000 for a willful infringement, even if there is no proof of actual damages, in addition to court costs and reasonable attorneys' fees. The government also can file criminal charges that can result in fines and imprisonment.

The College of Law's policies in regard to copyright infringement via the Internet prohibit the illegal downloading or unauthorized distribution of copyrighted materials using the institution's information technology system. The College of Law's policies prohibit use of the College of Law computer network to engage in illegal copying or distribution of copyrighted works such as by unauthorized per-to-peer file sharing (i.e., the sharing of copyrighted works, typically in digital or electronic files) without permission.

XXIII. FINANCIAL INFORMATION

TUITION, FEES, REFUND POLICIES AND SCHOLARSHIPS

Tuition Policies and Payment Programs

Current student tuition and fee rates are included in the registration bulletin each semester. Tuition for students enrolling full-time (12 - 16 units) in the fall and/or spring semester, will be the flat rate in effect, per semester. Full-time students enrolling in an overload and taking more than 16 units per semester will be charged the full-time flat tuition rate per semester and an additional per unit rate for each unit above 16 taken during the semester. Part-time students enrolling in an overload and taking an 11th unit during the semester will be charged the part-time tuition rate per semester plus the per unit rate for the 11th unit taken during the semester. Summer tuition is charged per unit at the rate in effect. Students in their final fall or spring semester may petition to pay only the "per unit" rate if enrolled in less than 8 units in order to complete their unit requirements.

¹Student Tuition Recovery Fund (STRF fee) –

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the (STRF), or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau of Private Postsecondary Education at 1747 N. Market Blvd. Ste. 225 Sacramento, CA 95834, www.bppe.ca.gov, toll-free telephone number (888) 370-7589. To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before the closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Tuition Payment Programs

The College of Law offers short-term payment programs to help students meet their financial responsibilities as conveniently as possible. Payment programs are determined by the College of Law administration and are subject to change. Tuition payment programs give students the opportunity to make tuition and fee payments throughout the semester. Each student must execute an agreement between the student and the College of Law governing the payment obligation and plans by selecting their payment option choice on their semester Registration and Payment Form.

For a student who does not make payment in full before the start of each semester, the College of Law at its sole discretion may approve a payment plan. Payment options may be selected before every semester of attendance as long as the student's tuition account remains in good standing. "Good standing" means that the student's account is current and payments are made in a timely manner. Returned items (including returned checks and dishonored credit card charges) incur a returned item fee per occurrence and can jeopardize the good standing of a student's account, and may be an Honor Code violation reportable to the Honor Code Committee and/or to the Committee of Bar Examiners.

A student will be required to make an initial payment by the semester payment deadline (or with late registration) and will have the option of paying the balance in monthly payments (a maximum of three (3) payments).

Payment dates are set by the College of Law and are indicated on the student's Registration and Payment Form. Current and subsequent schedule of payment shall be attached to and made part of the student's Payment Agreement.

Each tuition payment received shall be first applied to the oldest tuition obligation. Payments are due on or before the scheduled due dates or in full upon receipt of financial assistance, whichever comes first. Scholarships are deemed to reduce the total cost rather than to apply to any specific payment. Therefore, the cost of tuition and fees remaining after a scholarship is awarded is the basis to be divided into equal installments.

Federal Financial Aid

Western State College of Law participates in the Federal Direct Student Loan Program. Please see Student Services for more information.

Western State College of Law Refund Policy

Western State College of Law follows the State of California Refund Policy. In addition, the Federal Return of Title IV policy applies for federal aid recipients.

California State Refund Policy

The California State Refund Policy applies to students who drop all courses in a semester from Western State College of Law at Westcliff University whether by providing notification to the school or ceasing attendance without notification, whichever is later. Students dropping all courses in a semester are considered withdrawn for refund purposes. All students will be subject to the institutional refund policy. Students who receive Federal student aid are subject to the Return of Title IV Funds Policy.

A California student may cancel his or her enrollment agreement without any penalty or obligation at any time and is entitled to a full refund of all monies paid, less a one-time, non-refundable application fee of sixty dollars (\$60) and one hundred ninety dollars (\$190) of the tuition deposit, if the student withdraws from his or her program of study under any of the following circumstances:

- o before starting classes;
- o after attending only one day in his or her program of study; or
- o within seven calendar days after enrolling in his or her program of study, whichever is later.

The student may also cancel enrollment if the services cease to be offered. If the student cancels enrollment for this reason, Western State College of Law will refund the appropriate portion of the tuition or other charges for which the student did not receive services (a full refund of the program paid to date will be provided if no teach-out provision is implemented; a pro-rata refund will apply if a teach-out provision is implemented).

All refunds shall be returned to students within forty-five (45) calendar days of cancellation.

A student may cancel his or her enrollment agreement and withdraw from Western State College of Law at any time by providing notification to the school or ceasing attendance without notification.

If the student has received Federal student financial aid funds, the student is entitled to a refund of monies not paid from Federal student financial aid program funds.

If a student withdraws *after* the cancellation period described above, the institution shall perform a pro-rata calculation including all monies paid and all tuition and fees for the enrollment period, excluding a one-time, non-refundable sixty dollar (\$60) application fee and a one hundred ninety dollar (\$190) administrative fee. The proration is based upon the number of days the student attends during the enrollment period of withdrawal as follows: A daily tuition and fee charge is calculated by dividing the institutional charges for the enrollment period by the number of days the student is registered to attend in the enrollment period. This daily charge for the program is then multiplied by the number of days the student attended (start of the enrollment period to the last day of student's attendance) during this withdrawal enrollment period. This proration will be calculated up to and including the sixty (60) percent point of the enrollment period. There shall be no refund available to the student if the student withdraws after completing more than sixty (60) percent of the enrollment period. After the proration is calculated, the institution will return all necessary monies, including aid disbursed during the academic term, as outlined in the refund distribution. If tuition and fees are still due, the student will be billed for the balance. If the student has a refund or credit balance, a refund is expected to be made within forty-five (45) calendar days of the student's completion of, or withdrawal from, the program in which the student was enrolled.

The refund credit is calculated on total semester tuition cost; therefore, it is highly probable when withdrawing to have an outstanding balance due to Western State College of Law after the withdrawal is processed. A refund calculation schedule and sample calculations may be obtained from the Student Finance/Student Accounts Office.

Students who received federal financial aid (i.e. student loans) are also subject to the additional Return of the Title IV Funds policy listed below.

Return of Non-Federal Financial Assistance

Institutional scholarships and other non-federal funds are applied at the same rate as the withdrawal credit percentage.

Appeal Process

An appeal process exists for students who feel individual circumstances warrant an exception from the published Western State College of Law refund policy. A student may submit a written petition, with documentation of the "special circumstances" to the Student Finance Office. Petitions may be approved unconditionally, approved "with condition(s)", or denied. The petitioner will be notified of the final decision in writing.

Return of Title IV Funds

In compliance with Federal regulations, the school will determine how much Federal student financial assistance the student has earned or not earned when a student who is a Title IV recipient withdraws from school.

The school will calculate the percentage and amount of awarded Federal student financial assistance that the student has earned if the student withdraws up through the sixty (60) percent point of the term. If the student has completed more than sixty (60) percent of the term, the student earns one hundred (100) percent of the Federal student financial assistance.

The amount earned will be based on the percentage of the term that was completed in days up to and including the last date of attendance. To calculate the amount earned, the school will determine the percentage by dividing the number of calendar days completed in the term up to and including the last date of attendance by the total number of calendar days in the term. If there is a scheduled break of five or more days, it will reduce the term length. If the scheduled break is before the student's last day of attendance, it will also reduce the calendar days completed.

If the student received more than the amount of Federal student financial assistance earned, the difference will be returned to the Federal student financial assistance programs from which funds were received in the following order: Federal Unsubsidized Direct Loans, Federal Perkins Loans, and Federal PLUS Loans. Funds will be returned to the aid source within forty-five (45) calendar days of the date that the school determines that the student has withdrawn.

If more Federal student financial assistance has been earned than has been received, the student may be eligible for a post-withdrawal disbursement. The school will notify the student of any post-withdrawal disbursement loan funds for which the student may be eligible and what steps need to be taken for the Federal financial assistance funds to be received. The student needs to provide permission before any loan funds may be disbursed on the student's account or disbursed to the student. However, the school may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school), and, with the student's authorization, the school may automatically use the grant funds for other educationally-related charges. Any balance of grant funds that may be available will be offered the student.

If Federal student financial assistance funds need to be returned, the institution must return a portion or all of the unearned funds equal to the lesser of:

- The institutional charges multiplied by the percentage of the unearned Federal student financial assistance funds; or
- The entire amount of unearned funds.

If there are remaining unearned Federal financial aid funds to be returned, the student must return any loan funds that remain to be returned in accordance with the terms and conditions of the promissory note. If the remaining amount of funds to be returned includes grant funds, the student must return any amount of the overpayment that is more than half of the grant funds received. The school will notify the student as to the amount owed and how and where it should be returned.

Financial Aid Refund Distribution Policy

All students receiving financial aid who withdraw completely from the program may have to return any refund amount to the appropriate Student Financial Aid Program in accordance with the refund distribution schedule which follows:

1. Federal Unsubsidized Direct Loan
2. Federal Perkins Loan
3. Federal PLUS
4. Other federal, state, private, or institutional aid programs, if required by the program
5. Students

Western State College of Law will return unearned aid if:

1. The student officially withdraws

2. The student is dismissed, or
3. The institution determines the student's withdrawal date, in the case of an unofficial withdrawal.

Withdrawal Policy

A student may withdraw from Western State College of Law at any time. The student must inform the Registrar in writing of his or her decision to withdraw. A student who does not inform the Registrar of his or her withdrawal will receive a failing grade (AF) in each course in which the student is registered.

Because the federal Return of Title IV calculation is in addition to the Western State College of Law refund policy, federal aid students who withdraw from the semester may owe a balance to the Western State College of Law after this calculation is done and funds are returned to the federal programs.

Leave of Absence and Reentry for Military Students from Military Deployment:

The College of Law has a leave of absence and re-entry process for students who experience an interruption of their studies based on military deployment. Upon deployment notification the student should contact the Associate Dean of Academic Affairs regarding a leave of absence. Upon return to school, the school will help the student complete the necessary steps to be reintegrated into class and campus.

A student who is in good academic standing may take a voluntary leave of absence after meeting with the Associate Dean of Academic Affairs for the purpose of determining the effect of the leave of absence on the student's program of study. After meeting with the Associate Dean of Academic Affairs, the student must notify the Registrar in writing (on a form provided by the Student Services Office) of his or her intent to take a leave of absence. Before returning to the College of Law, the student must register for classes in the regular registration process. A student who has not completed his or her first semester at the College of Law is not eligible to take a leave of absence unless the Associate Dean of Academic Affairs determines there is a demonstration of extraordinary circumstances.

A student who is not in good academic standing may take a leave of absence from the College of Law only with the written permission of the Associate Dean of Academic Affairs. A student who wishes to resume his or her studies must petition the Associate Dean of Academic Affairs for permission to resume studies. This petition must be filed with the Associate Dean of Academic Affairs at least thirty (30) days before the beginning of the semester in which the student wishes to resume his or her studies. The student must state the reasons why he or she is prepared to resume his or her program of study. The Associate Dean of Academic Affairs shall permit the student to resume studies only if the student demonstrates that he or she is likely to succeed in his or her program of study. If the student is permitted to resume studies, he or she must comply with all requirements for continuing his or her studies on probation and must notify the Director of the S.T.E.L.L.A.R./ Academic Probation Program of his or her resumption of studies within three (3) days of the beginning of classes.

The Associate Dean of Academic Affairs may permit a leave of absence of up to one year. A student who has taken a one semester leave of absence may extend that leave of absence to one year with the written permission of the Associate Dean of Academic Affairs.

A student who resumes his or her studies after a leave of absence shall resume his or her former academic standing. All prior academic work earned shall be retained and the student's cumulative grade point average shall include all coursework and grades taken before and after the leave of absence.

A student who wishes to extend his or her leave of absence for more than one year must reapply for admission to the College of Law through the regular admission procedure then in effect (See Section VI.H.). This policy does not guarantee readmission to the College of Law.
